Chennai | Tamil Nadu | India

Corporate Profile | 2026 - 27

# FOUNDER'S NOTE

"***For us, electrical distribution has never been only about selling products. It is about becoming a dependable part of our customer's business."***

Over the years, we have built our business around relationships with electrical contractors, builders, dealers, retailers, project companies and businesses that depend on timely and reliable electrical supplies.

Our strength comes from combining industry experience, multi-brand availability, competitive sourcing and responsive service.

As the electrical industry continues to evolve, our ambition is clear:

**"To build Platinum Enterprise into one of the most trusted multi-brand electrical distribution partners in South India."**

We believe the next phase of growth will not be defined only by the products we sell, but by the speed, convenience, reliability and value we create for our customers.

**"A BUSINESS BUILT ON TRUST. A FUTURE BUILT ON SCALE."**

Vivek Jain
